## ABSTRACT

Ayurveda being science of life, helps and guides us to live an ideal and healthy lifestyle especially in the present era. According to Ayurveda everyone can enjoy healthy life by following certain rules laid by the Science. In prevention of disease and promotion of health these rules are very important. In Charaka Samhita, Acharya Charaka has mentioned *Sadvrutta* which gives detailed knowledge regarding what to do, what not to do etc. Following *Sadvrutta* helps to reduce many life style disorders which is burning issue in today's era. Therefore, study on concept of *Sadvrutta* is essential.

**Key words:** Ayurveda, *Sadvrutta*, Lifestyle disorders.

## INTRODUCTION

Ayurveda is the science which deals with concept of both *Swastha* and *Athura Purusha*. Ayurveda even tells regarding Diet, behaviour, rules and regulations which are beneficial and harmful for our life. Balance of *Sharira*, *Indria* and *Manas* is defined as *Swastha*. To achieve balance in *Manas Sadvrutta* should be followed. *Sad* means good and *Vrutta* means behaviour, conduct or habits of day to day life. *Sadvrutta* is the code of conduct for keeping good and balanced condition of *Sharira* and *Manas*. The person can achieve both the aims by following this such as *Arogya* and *Indriyavijaya* that is control over Sense organs.

Acharya Charaka has mentioned the importance of

*Sadvrutta*, as the person who follows it will be healthy both *Sharirika* and *Manasika*. If *Sadvrutta* is not followed it leads to *Prajnaparadha* which is main reason for many *Vyadhis*.<sup>[1]</sup>
